Lecture : Rajasthan – Following the Footprints of the Maharajahs

At La Longeraie, Morges

Join us for this fascinating two part multivision show of a journey through Rajasthan following the footprints of the former Maharajas ...presented by Annemarie Koelliker and her husband.

Their trip starts in Agra with the magnificent Taj Mahal and the other noteworthy monuments worthwhile seeing. Next stop is Jaipur, the pink city, famous for the impressive Palace of the Winds, followed by Udaipur with its fantastic white marble palaces reflected in the waters of Lake Pichola. Inter-dispersed there are many pictures of mighty forts from where the Maharajas ruled their kingdoms for centuries. Last destination at the edge of Tar Desert is Jodhpur, the blue city, dominated by a most impressive fort.

Last but not least, there are plenty of pictures of colourful displays of the traditional life in India, accompanied by old and modern Indian music as well.
