

THE INTERNATIONAL CLUB OF LAUSANNE

Ch. des Salines
1132 Lully

Newsletter Nr. 3
March 28, 1994

Dear Members and Friends,

The GENOLIER CLINIC, a private general hospital situated high above Nyon, has in recent years become well known, far beyond Swiss borders, of having the most comprehensive health care and the most modern equipment available. It is particularly renowned for its heart surgery and rehabilitation program. This summer it will be setting up a training institute in infantile heart surgery which will be one of its kind in Europe, headed by the world's leading surgeons in this field. Interested in getting a look behind the scenes, to see what preparation is involved in an operation, what role modern technology plays? Well, the ICL has been able to organize a private tour of the facilities. This is a great opportunity to scrutinize an operating room or to ask any questions you might have. Immediately following the tour, we will be offered tea and cakes.

Please send in the form at the bottom of this letter if you would like to join us.

When: Saturday, April 23, from 2:30 p.m. to 5:00 p.m.

Where: Genolier Clinic (Exit autoroute at Gland; take a right in the direction of Coinsins; follow signs to Genolier; go through village; continue uphill along windy road; then follow signs to Genolier Clinic.)

Cost: none

Please put the following upcoming events in your agendas:

- May 6: Friday Night get-together at the Fleur du Lac in Morges
- May 18: Coffee Corner at the Cafe Fornerod in Morges (morning)
- May 27: Wine-tasting evening at the Domaine des Rueyres in Chardonne

Past events:

Everyone agreed that the *après ski* was much more fun than the actual skiing on our Ski Day (February 26, Villars), but that didn't really surprise me. Every one of the 16 people who showed up for raclette at Anna Bourgeois' chalet were of true ICL character (i.e., uncomplicated, unpretentious, genuinely interested in others, possessing a healthy sense of humor, etc. etc.). Everyone pitched in setting the tables, cleaning up, and seeing that a good spirit reigned, but the lion's share of the credit goes to Anna and her husband Olivier for their raclette expertise. We were impressed, and we thank you both.

March was Anna's month. She also organized and led (with a great deal of pizzazz, I might add), the Meyers-Briggs Type Indicator Workshop (March 22). 18 people came to be informed about this fascinating subject. The introverts in the group were thrilled to learn that it's okay, they don't have to talk if they don't want to, because the beauty of their being lies in their *inner self*; it is there where they are creative and expansive. Their extrovert partners had something of an "a-ha!" experience, because suddenly they understood why their beloved (but sometimes frustrating) introvert *cannot* be more like themselves. We learned a great deal about ourselves and the ones we love. Thanks to Anna for offering her ability and insight to us on this evening.

Inside the ICL:

Enclosed with this newsletter you will find our membership list as it stands up to present. The Board Members are noted, and do not hesitate to contact any of us if you have any questions or have a suggestion.

I wish all of you happy Easter holidays, and I look forward to seeing many of you in Genolier.

Sincerely,

Susan Stuber,
President

Please send the slip below to Ms. Gina Lyon, Ch. du Frêne 4, 1004 Lausanne (Tel: 647 66 92)

Yes, we would like to be included in the Genolier tour. We will be _____ persons.
