Visit to the Federation Internationale

de Motocyclisme in Mies (<http://www.fim-live.com/en/>)

The location is at No. 11 of the Route Suisse in Mies (VD). On your right hand side having crossed the village in the direction of Geneva.

The FIM (Federation Internationale de Motocyclisme) founded in 1904, is the governing body for motorcycle sport and the global advocate for motorcycling. The FIM is an independent association formed by 112 National Federations throughout the world. It is recognised as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). The FIM is also engaged in non-sporting activities – tourism, gatherings and leisure, public affairs, or activities linked with sport, such as women in motorcycling; technical, medical and judicial aspects.

Last but not least, the environment is linked to both sporting and non-sporting domains.

This will be the occasion to learn more about one of the world federations established on the Lake Lemman !

Afterwards we could enjoy a light dinner at the nearby Buvette de Tannay.
